

REMARKS

Claims 1-10 are active in the present application.

The amendment of Claims 7 and 8 are supported by the original claims and serve to remove improper multiple dependencies. The amendment of the specification of the paragraph beginning on page 39, line 5 serves to correct a typographical error. Support for this amendment is provided by the Deposit Receipt for FERM BP-7207 filed on July 8, 2003.

The amendment of the specification of the paragraph beginning on page 48, line 26 serves to correct a typographical error, which resulted in the duplication of a line of text. No new matter is believed to have been entered by the present amendment.

Applicants submit that the present application is now in condition for examination on the merits. Early notification to this effect is earnestly solicited.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
